

Grouping Observables

David Mann

@MannD | [Labs.HeirloomSoftware.com](https://labs.heirloomsoftware.com)

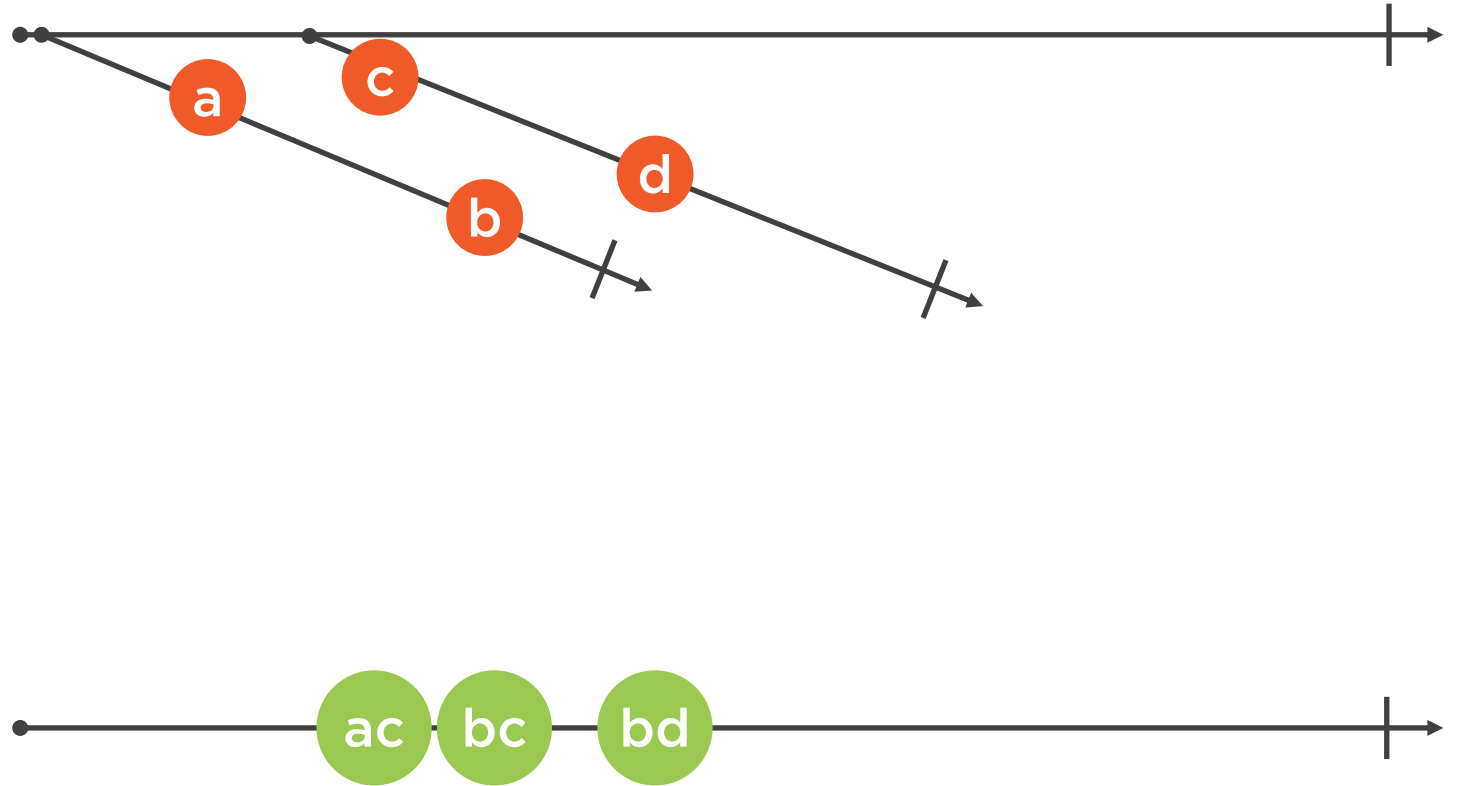

Operators

- combineAll
- concatAll
- exhaust
- mergeAll
- withLatestFrom

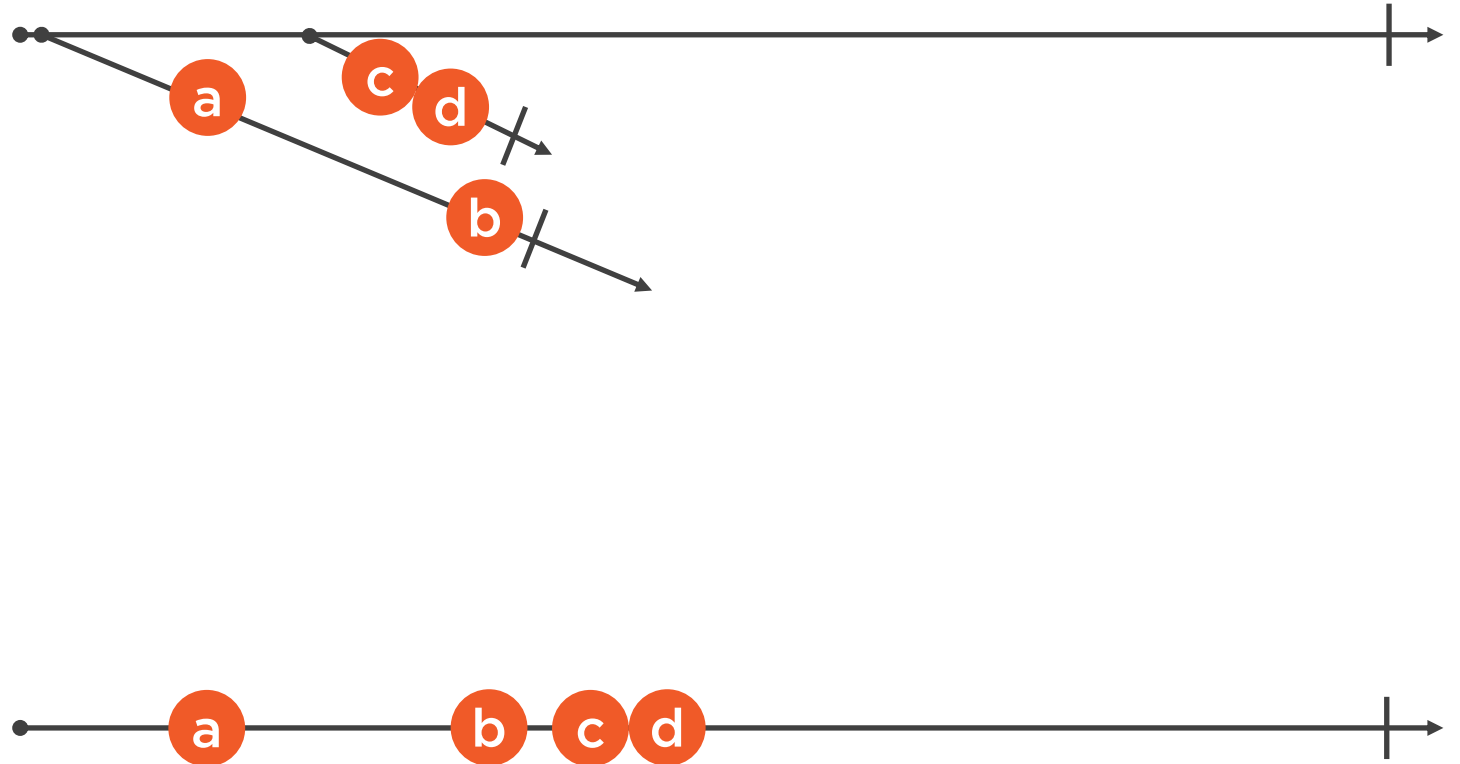

combineAll

Emit latest from each
input

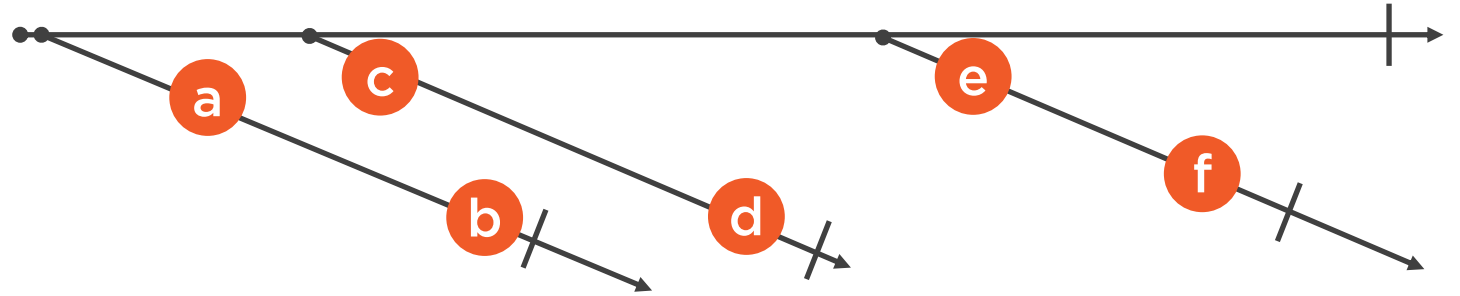

concatAll

Emit all from each
Serial

exhaust

Drop Observable if emits
before prior completes

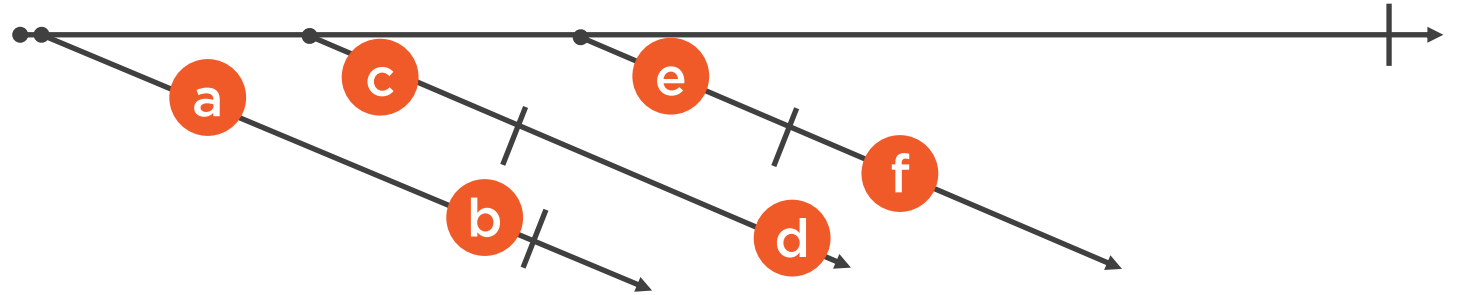

mergeAll

Combine inner
Observables

Emit all values

Specify concurrency

withLatestFrom

Emit latest from all
when source emits
